PAIN MANAGEMENT AGREEMENT

REFERENCE: TEXAS ADMINISTRATIVE CODE, TITLE 22, PART 9, CHAPTER 170

The purpose of this agreement is to give you information about the use of any and all medication(s) (i.e., opioids, also called 'narcotics, painkillers', and other prescription medications, etc.) for chronic pain you will be taking for pain management and to assure that you and your physician comply with all state and federal regulations concerning the prescribing of controlled substances. You as a patient have the right to be informed about your condition and the recommended medical or diagnostic procedure or drug therapy to be used, so that you may make the informed decision whether or not to take the drug after knowing the risks and hazards involved. The success of treatment depends on mutual trust and honesty in the physician/patient relationship and full agreement and understanding of the risks and benefits of using opioids to treat pain. **Therefore, medication(s) will only be provided so long as I follow the rules specified in this Agreement.**

I, _____, UNDERSTAND THAT COMPLIANCE WITH THE FOLLOWING GUIDELINES IS IMPORTANT IN CONTINUING PAIN TREATMENT WITH DR. SAMUELSON. Failure to comply with any of the following guidelines and/or conditions may cause discontinuation of medication(s) and/or my discharge from care and treatment. Discharge may be immediate for any criminal behavior:

****PLEASE INITIAL ON EACH LINE****

_____ I understand that there is a risk of psychological and/or physical dependence and addiction associated with chronic use of controlled substances.

_____I am NOT pregnant. I will use appropriate contraception/birth control during my course of treatment. If I become pregnant, it is my responsibility to inform my physician immediately as certain drugs can be harmful to unborn children.

_____I understand that this Agreement is essential to the trust and confidence necessary in a provider/patient relationship and that my provider undertakes to treat me based on this Agreement.

_____I understand that if I break this Agreement, my provider will stop prescribing these pain control medicines.

_____I would also be amenable to seek psychiatric treatment, psychotherapy, and/or psychological treatment if my provider deems necessary.

_____ I will communicate fully with my provider about the character and intensity of my pain, the effect of the pain on my daily life, and how well the medicine is helping to relieve the pain. My progress will be periodically reviewed and, if the medication(s) are not improving my quality of life, the **medication(s) may be discontinued**. I will be required to follow up with my physician every month in order to have my medication refilled. **If I do not keep my follow up appointments, my medication refill may be denied.**

_____ I will not use any illegal controlled substances, including marijuana, cocaine, etc., nor will I misuse or self-prescribe/medicate with legal controlled substances. Use of alcohol will be limited to times when I am not driving or operating machinery and will be infrequent.

_____ I will not share my medication with anyone

_____ I will not attempt to obtain any controlled medications, including opioid pain medications, controlled stimulants, or anti-anxiety medications from any other provider.

_____ I will safeguard my pain medication from loss, theft, or unintentional use by others, including youth. Lost or stolen medications will not be replaced.

____ I authorize the provider and my pharmacy to cooperate fully with any city, state or federal law enforcement agency, including this state's Board of Pharmacy, in the investigation of any possible misuse, sale, or other diversion of my pain medication.

_____ I agree that I will submit to urine and/or blood screens if requested by my provider to determine my compliance with my program of pain control medications.

_____ I understand that my provider will be verifying that I am receiving controlled substances from only one prescriber and only one pharmacy by checking the Prescription Monitoring Program web site periodically throughout my treatment period.

_____ I will disclose to my physician all medication(s) that I take at any time, prescribed by any physician.

_____ I agree that I will use my medicine at a rate no greater that the prescribed rate and that use of my medicine at a greater rate will result in my being without medication for a period of time. I understand I may be asked to bring all my medicines into the office for a random pill count. Failure to comply will lead to dismissal from the practice.

_____There are side effects with opioid therapy, which may include, but not exclusively, skin rash, constipation, sexual dysfunction, sleeping abnormalities, sweating, edema, sedation, or the possibility of impaired cognitive (mental status) and/or motor ability. Overuse of opioids can cause decreased respiration (breathing).

_____ I agree to follow these guidelines that have been fully explained to me.

_____ I agree that refills of my prescriptions for pain medications will be made only at the time of an office visit or during regular office hours. No refills will be available during evenings or on weekends. **Refill(s) will not be ordered before the scheduled refill date.** However, early refill(s) are allowed when I am traveling and I make arrangements in advance of the planned departure date.

_____All medication(s) must be obtained at **one pharmacy, when possible**. I will inform my physician if I need to change pharmacies. PATIENT FINANCIAL RESPONSIBILITIES

Thank you for choosing Alavie Interventional Pain Management for your pain management needs. Our financial policy outlines our practice guidelines and have been established to assist in providing the highest quality medical care while also allowing you to receive all the benefits offered to you by your health plan. We ask that you read and follow these guidelines, which are necessary to facilitate your care. Your signature verifies that you understand and agree to comply with our policies.

Insurance: Insurance cards should be available upon request at all visits. If you have a change of address, telephone number, employer, insurance plan or coverage, please notify the receptionist. We file claims as a courtesy to our patients and are only responsible for filing claims to contracted insurance companies and the member. It is your responsibility to know and understand your coverage and benefits. Any dispute for unpaid charges from the insurance company will be billed to the patient/member.

- HMO plans or other managed care policies - You are responsible for obtaining any referral required by your insurance. If a referral is not on file prior to your visit, your appointment will be canceled or rescheduled until one is obtained. Depending on the particular plan, please verify the number of visits permitted. **You will be financially responsible for any visits not authorized.**

- Contract – Your insurance policy is a contract between you, your employer (if applicable) and the insurance company. We are not a party to that contract. It is important that you understand the provisions of your policy, as we cannot guarantee payment of claims.

No insurance: If you are not covered by insurance at the time of service, you will be responsible for all charges incurred at the time of service. We accept cash and all major credit cards.

No-Show Policy: We require 24-hour notice for appointment cancellations.

- Patients will receive one courtesy missed appointment per calendar year.
- After the 2nd and subsequent missed appointments, a No-Show Fee of **$50 per missed clinic visit** and **$150 per missed procedure visit** will be assessed to your account and must be paid before any future appointments can be scheduled. Unpaid/accrued fees that affect regular appointments may interfere with the physicians' ability to provide you with your scheduled pain medications. This fee is not billable to your insurance company and is the sole responsibility of the patient.
- 3 No Shows will result in termination from the practice. *Unpaid/accrued fees can also result in termination from the practice.*

Copays/Coinsurance & Deductible– All copays, coinsurance & deductibles are due at the time of service.

Dismissal from Practice- Aside from clinical reasons, there are a few financial reasons why a patient may be dismissed from the practice. Failure to keep scheduled appointments, being verbally or physically abusive to staff or disruptive to other patients, failure to meet financial obligations, inability to pay co-pays and repeated cancellations are a few of those reasons.

Account Billing Questions & Refunds – Questions or concerns regarding your account or insurance claim can be directed to our billing department. If your account has a credit balance we will issue a refund once all outstanding claims on your account have processed.

My signature below represents that I have read and have a full understanding of Alavie Interventional Pain Management's financial policy. I may also request a copy of the signed policy for my own records.
